## Academy MD: Are you up for a challenge?

The health care industry is one of the fastest growing and most important in central Ohio. For students with a passion for medicine, and technology, and have a sincere interest in helping people, the variety of good health care jobs is almost limitless. Some examples include:

- Clinical Medical Assistants
- EKG Technicians
- Electronic Health Records Specialists
- Medical Administrative Assistants
- Phlebotomy Technicians

Now's your chance to find out if health care might be a good choice for you. For the first time ever, our school is offering an exciting new program called Academy MD.

Academy MD is a two-year experience in partnership with Nationwide Children's Hospital, OhioHealth, Mount Carmel Medical Group, Boehringer-Ingelheim Pharmaceuticals and Cardinal Health. Academy MD will allow you to:

- Learn key health care skills through in-depth coursework and on-site internships.
- Earn college credit through Columbus State Community College.
- Receive certifications preparing you for a career after high school or as a stepping stone to additional medical training. Certificates include those listed above.

A variety of jobs exist within the health care industry for students with passion and drive, and Academy MD can help you build your future path to wherever your interests and talents can take you. There is no cost to enroll in the program.\*

Contact your school guidance counselor to learn more about this exciting opportunity.
